Mission Statement

University of Toronto Chapter

The University of Toronto Chapter of the Society of Petroleum Engineers (SPE) aims to act as a platform for students interested in the oil and gas industry to learn about and connect with the industry as well as one another. We work to bridge the gap between student interest and industry awareness through our career fair, seminar series, and field trips abroad. Our members will join members of the 639 other student chapters and 212 professional sections worldwide in discussions, scholarships, and employment opportunities available in the energy resources field.

- U of T has become officially affiliated with SPE in June 2013. We currently have more than 70 registered members from a wide range of disciplines, including: Chemical Engineering, Electrical Engineering, Mechanical Engineering, Materials Engineering, Industrial Engineering, Engineering Science, and Mining Engineering.
- In 2019, we are looking to improve the knowledge of students at U of T regarding the oil and gas sector and **help them connect with industry professionals.**

Career Fair

University of Toronto Chapter

- The Career Fair is a half-day event designed to help companies advertise themselves and recruit talented students from the University of Toronto.
- On the students' side, the Career Fair is a great opportunity to learn more about the industry, connect with professionals and possibly land an interview.
- The Career Fair is preliminarily set to occur the first week of **September 2019**.

Targeted Audience

University of Toronto Chapter

- Mainly targeting 2nd, 3rd, 4th year and Graduate Engineering students at University of Toronto.
- 2nd year students – Summer internships
- 3rd year students – PEY (see next slide) placements
- 4th year/Grad. students – New graduate opportunities

Why students at U of T?

University of Toronto Chapter

- University of Toronto has one of the most highly regarded Engineering programs in the world. It **consistently ranks as the #1 Engineering program in Canada and top 10 in North America.**
- University of Toronto offers an unique **Professional Experience Year (PEY) program** that allow students to work **full-time for 12-16 months** after their 2nd or 3rd year. The PEY program allow students to become fully immersed in the company and make valuable contributions to the employer.
